

GB CHAMPIONSHIPS

PROMOTIONAL BASIC AND INTERMEDIATE CHAMPIONSHIPS

2026

KEY INFORMATION FOR 2026

- The Dance Team are introducing a new structure for 2026, continuing our Roll Art journey and developing athletes further. We are looking forward to a new 2026 season with our new World Skate pathways for athletes.
- Once coaches have been able to analyse the new structure and talk to their athletes about the pathway which suits them best. We would like coaches to evaluate scores and results from 2024-2025 and encourage athletes towards the more suitable pathway, so they can achieve comfortable and inspiring performances within their capabilities and categories.
- We will be reaching out to you in a few weeks, by asking you to enter your athletes in the database with their chosen pathway, so that we can see how we will organise 2026 dates and venues. When filling in the database, it would be appreciated if coaches could be as accurate as they can, as in previous years, numbers entered in forms were much higher than actual entries, which caused a lot of alteration to venues and dates once they had been published. The dates are booked a year in advance on the information received.
- Once all provisional entries have been received, the entries will be assessed by the Dance Team to ensure that athletes have been entered into the correct event. If required 1-2-1 calls will be scheduled with the Head Coaches, where queries exist to discuss obscure entries, so that they may present any information that cannot be captured on the database to understand the entry.
- Dates will be advised as soon as we analyse the numbers.
- Each pathway will follow WS rules and each event will be run by age. Promotional championships and GB Championship information is now available on the World Skate website.
<https://www.worldskate.org/artistic/about/regulations/category/1526-artistic-technical-rules-2026.html>
- Tots intermediate and basic, and Mini basic categories will be catered for. Details to follow.
- All competitors in Basic, Intermediate and GB Full Championships will follow 2026 World Skate rules.
- All competitors entering the WS Pathways will follow 2026 World Skate rules.

ADVISORY ENTRY GUIDELINES

After reading and studying the information provided in this document, we would like to provide you with some information that should help you frame your conversations with your athletes and help you advise as to where to enter your athlete in the correct pathway for 2026.

The athlete's pathway can change yearly, dependant on their life considerations, expenditure, ability, and most important where the athlete will be most comfortable competing. This is a minimum level requirement.
